REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Laurens County Council Laurens County Laurens, South Carolina

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Laurens County, South Carolina as of and for the year ended June 30, 2009 which collectively comprise the County's basis financial statements of the County's primary government as listed in the table of contents. These financial statements are the responsibility of County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements do not include financial data for the County's legally separate discretely presented component units. Accounting principles generally accepted in the United States of America require the financial data for these discretely presented component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that includes the financial data for its component units. The County has not issued such reporting entity financial statements. Because of this departure from accounting principles generally accepted in the United States of America, the assets, liabilities, net assets, revenues, and expenses of the aggregate discretely presented component units would have been presented as \$134,510,666, \$100,575,510, \$33,935,156, \$87,111,403, and \$89,923,439, respectively.

In our opinion, because of the omission of the discretely presented component units as discussed above, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the discretely presented component units of Laurens County, South Carolina as of June 30, 2009, or the changes in financial position thereof for the year then ended.

In addition, in our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Laurens County, South Carolina as of June 30, 2009, and the respective changes in financial position, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated February 9, 2010 on our consideration of Laurens County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with government auditing standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and Required Supplementary Information, as listed in the Table of Contents, is not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis, and are not a required part of the basic financial statements of Laurens County, South Carolina. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and is also not a required part of the basic financial statements of Laurens County, South Carolina. The combining and individual non-major fund financial statement and schedules and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Greenwood, South Carolina February 9, 2010

ELLOW DATES LLC

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Laurens County annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year ended June 30, 2009. Please read it in conjunction with the County's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The County's assets exceeded its liabilities at June 30, 2009 by \$84.6 million (net assets). Of this amount \$6.8 million (unrestricted net assets) may be used to meet the government's ongoing obligations.
- The County repaid \$1.7 million of bond and capital lease payables during the year.
- During the year, the County's general fund balance was increased by \$1.1 million.
- The general fund actual revenues were \$1.9 million greater than budgeted and general fund expenditures were \$398 thousand more than budgeted.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts - management's discussion and analysis (this section), the basic financial statements, required supplementary information, and an optional section that presents combining statements for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the County's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the County government, reporting the County's operations in *more detail* than the government-wide statements.
- The governmental funds statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
- Fiduciary fund statements provide information about resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. In addition to these required elements, we have included a section with combining statements that provide details about our nonmajor governmental funds, each of which are added together and presented in single columns in the basic financial statements.

Figure A-1 summarizes the major features of the County's financial statements, including the portion of the County government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-1
Major Features of County of Laurens's Government-wide and Fund Financial Statements

		Fund Statements				
Government-wide Statements		Governmental Funds	Fiduciary Funds			
Scope ·	Entire County government (except Fiduciary funds)	The activities of the County that are not proprietary or fiduciary, such as police, fire, and parks	Instances in which the County is the agent for someone else's resources			
Required financial statements	 Statement of net assets Statement of activities	 Balance sheet Statement of revenues, expenditures, and changes in fund balances 	Statement of fiduciary net assets			
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus			
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All agency assets and liabilities, both short-term and long-term			
Type of inflow/outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter				

GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the County's *net assets* and how they have changed. Net assets - the difference between the County's assets and liabilities - is one way to measure the County's financial health, or *position*.

- Over time, increases or decreases in the County's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of the County's roads.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the County's most significant funds - not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The County Council establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The County has two kinds of funds:

- Governmental funds Most of the County's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them.
- Fiduciary funds The County acts as agent, or fiduciary, for other entities resources. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets. We exclude these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net assets

The County's combined net assets increased \$141 thousand or 0.2% between fiscal years 2008 and 2009. (See Table A-1.)

Table A-1
County of Laurens's Net Assets
(in thousands of dollars)

		Gover Act	Total Percentage		
		2008	2009		Change
Current and other assets	\$	40,337	\$	47,886	18.7%
Capital assets		80,574		78,866	-2.1%
Total assets		120,911		126,752	4.8%
Long-term debt outstanding		6,066		4,819	-20.6%
Other liabilities		30,384		37,331	22.9%
Total liabilities	36,450		42,150		15.6%
Net assets	-				
Invested in capital assets,					
net of related debt		74,966		74,601	-0.5%
Restricted		1,518		3,213	111.7%
Unrestricted		7,977		6,788	-14.9%
Total net assets	\$	84,461	\$ 84,602		0.2%

Net unrestricted assets of our governmental activities decreased by \$1.2 million. Capital assets of \$3.1 million were acquired while depreciation expense on new and existing capital assets totaled \$4.7 million.

Changes in net assets. The County's total revenues increased by 10.6 percent to \$38.0 million. (See Table A-2) Approximately 45 percent of the County's total revenue comes from property taxes, 19 percent comes from fees charged for services, fines and fees and 35 percent is from state and federal aid.

The total cost of all programs and services increased approximately \$5.5 million or 16.9 percent. The County's expenses cover a range of services, with about 35 percent related to public safety.

Table A-2 and the narrative that follows consider the operations of governmental activities.

GOVERNMENTAL ACTIVITIES

Revenues for the County's governmental activities increased 10.6 percent, while total expenses increased 16.9 percent.

Table A-2
Changes in County of Laurens's Net Assets
(in thousands of dollars)

Expenses				
General government	11,142		12,832	15.2%
Public safety	11,794		13,299	12.8%
Public works	7,024		6,558	-6.6%
Health and welfare	271		383	41.3%
Culture and recreation	748		823	10.0%
Intergovernmental and private nonprofit	361		426	18.0%
Economic development	252		3,266	1196.0%
Miscellaneous	515		· -	-100.0%
Interest and fiscal charges	259		233	-10.0%
Total expenses	 32,366		37,820	16.9%
Increase in net assets	\$ 1,962	\$	141	-92.8%

Total revenues were \$3.6 million greater than the prior year. Property taxes collected were \$2.2 million less than the prior year. Charges for services and fines and fees were \$220 thousand less than the prior year, and intergovernmental revenues including grants were \$6.1 million greater than the prior year. In addition, expenses were \$5.5 million greater than the prior year.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As the County completed the year, its governmental funds reported a combined fund balance of \$10.4 million which is comparable to the prior year.

General Fund Budgetary Highlights

Actual general fund expenditures were \$398 thousand more than budget amounts, primarily resulting from relatively small negative variances in capital expenditures, non-departmental fringe benefits and public safety.

The resources available for appropriation were \$1.9 million greater than the budgeted amount. This is primarily related to the increase of property tax revenues due to the increase in assessed values in the County.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2009, the County had invested \$78.9 million in a broad range of capital assets. (See Table A-3.) This amount represents a net increase before depreciation (including additions and deductions) of \$3.1 million. However, after depreciation capital assets decreased \$1.7 million or 2.1 percent, over last year.

Table A-3
County of Laurens's Capital Assets
(net of depreciation, in thousands of dollars)

	 Govern Activ	Total Percentage		
	 2008	2009		Change
Land	\$ 832	\$	832	0.0%
Construction in progress	903		3,044	237.1%
Buildings and improvements	18,680		18,680	0.0%
Furniture, fixtures and equipment	10,542		11,085	5.2%
Infrastructure	107,222		107,319	0.1%
Accumulated depreciation	(57,606)		(62,094)	7.8%
Total net assets	\$ 80,573	\$	78,866	-2.1%

This year's major capital asset additions included:

- \$2.1 million in construction in progress for Old Laurens Road project and building renovations.
- \$543 thousand in equipment additions.

More detailed information about the County's capital assets is presented in Notes 1 and 5 to the financial statements.

Long-term Debt

At year-end the County had \$4.3 million in bonds and capital lease obligations outstanding, a decrease of 23.9 percent over last year as shown in Table A-4. More detailed information about the County's long-term debt is presented in Note 10 to the financial statements.

The state limits the amount of general obligation debt the County can issue to 8 percent of the assessed value of all taxable property within the County's legal limits.

Table A-4
County of Laurens's Outstanding Debt
(in thousands of dollars)

	Govern Activ	Total Percentage		
	2008	2009		Change
General obligation bonds	\$ 2,562	\$	1,664	-35.1%
Revenue bonds	370		190	-48.6%
Special source bonds	1,774		1,508	-15.0%
Capital lease obligations	902		903	0.1%
Total	\$ 5,608	\$	4,265	-23.9%

This year's major outstanding debt changes included:

- \$350 thousand in new capital lease agreements.
- \$1.7 million in bond, note and lease repayments.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

• Unemployment now stands at 12.4 percent versus 9.3 percent a year ago. This compares unfavorably with both the state's rate of 12.1 and the national rate of 9.5 percent.

These indicators were taken into account when adopting the general fund budget for 2010. The general "operating" fund budget for 2010 is \$23,811,924.

Capital expenditures approved in the fiscal year 2010 capital budget were \$553,796. The County has added no major new programs or initiatives to the 2010 budget.

With the approval of the 2010 budget the County should continue to move in a positive direction. The 2010 budget was prepared with the continuation of the initiative to adequately fund departments. County Council recommended the County establish a goal of preparing a budget that will support the County's goal of establishing reserves to build a solid financial structure for future growth of County Services provided to its citizens.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Ernest Segars, Laurens County Administrator, Post Office Box 445, Laurens, SC 29360 or visit the County website at www.co.laurens.sc.us.

LAURENS COUNTY, SOUTH CAROLINA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the year ended June 30, 2009

Net change in fund balances - Total government funds	\$	1,352,758
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:		
Capital outlay Depreciation expense		3,095,990 (4,747,634)
Excess of depreciation expense over capital outlay	4	(1,651,644)
Loss on disposal of capital assets is not recognized in governmental funds.		(56,092)
Because some revenue will not be collected for several months after the County's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. Deferred property tax revenues decreased by this amount this year.		(86,689)
Capital lease agreeements and bonds payable proceeds provide current financial resources to governmental funds; however, issuing debt increases long-term liabilities in the statement of net assets. In the current period, other financiing sources consisted of:		(00,005)
Capital lease agreements		(350,063)
Repayment of long-term debt is reported as an expenditure in governmental funds. But the repayment reduces long-term liabilities in the statement of net assets. In the current year, these amounts consisted of:		
Bond principal retirement		897,697
Special source principal retirement Revenue notes payable		266,000 179,831
Capital lease payments		349,133
Total long-term debt repayment		1,692,661
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds		
Other post employment benefits		(677,272)
Compensated absences		(95,660)
		(772,932)
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, interest is expensed when due.		12,933
Change in net assets of government activities	\$	140,932
The accompanying notes are an integral part of these financial states	ments.

LAURENS COUNTY, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Laurens County, South Carolina, have been prepared in conformity with accounting principles (GAAP) generally accepted in the United States of America as applied to the primary government. However, the component units have not been presented in accordance with generally accepted accounting principles required for the reporting entity. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

Laurens County, South Carolina - the primary government - is a political subdivision of the State of South Carolina. A seven-member council elected from single-member districts governs it. These financial statements present all the fund types of the County. Component units are legally separate entities that meet any one of the following criteria: (1) the County appoints a voting majority of the board of the entity and is able to impose its will on the entity and/or is in a relationship of financial benefit or burden with the entity, (2) the entity is fiscally dependent upon the County, or (3) the financial statements would be misleading if data from the entity were not included. Component units may be presented by two different methods. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the County. The County has no blended component units. The County does not include financial data for the County's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial data of the County's primary government.

Complete financial statements for each of the individual component units may be obtained from their respective administrative offices.

Laurens Public Library 1017 West Main Street Laurens, South Carolina 29360

Laurens School District #56 600 East Florida Street Clinton, South Carolina 29325 Laurens School District #55 1029 West Main Street Laurens, South Carolina 29360

A board of directors governs Laurens Public Library. Members are from Laurens County and are appointed by the Laurens County Council. Laurens County Council approves the amount of local support for the Library's budget and set the tax rates. The Library is a component unit of Laurens County because the majority of the Library's budget is funded from Laurens County making the Library fiscally dependent upon the County.

Separately elected boards from their respective districts govern Laurens County School Districts 55 and 56. They are fiscally dependent upon the County because County Council approves its budget and sets its property tax levy. The District's taxes are levied under the taxing authority of the County and are included as part of the County's total tax levy.

BASIS OF PRESENTATION

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide financial statements

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. For the most part, the effect of interfund activity has been removed from the statements

The statement of net assets presents the financial condition of the governmental activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the County.

Fund financial statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources management focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The general fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Rural Fire Fund accounts for intergovernmental funds received from the state that are restricted to fire safety operations.

Additionally, the government reports the following fund types:

Special revenue funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, or major capital projects) that are legally restricted to expenditures for specified purposes.

Debt service fund

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Agency funds

Agency funds are used to account for assets held by the County in a trustee capacity or as an agent for school districts, special districts and other agencies that use the County as a depository.

MEASUREMENT FOCUS

Government-wide financial statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the County are included on the statement of net assets.

Fund financial statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Fiduciary funds are reported using the economic resources measurement focus.

BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Budgets and budgetary accounting

Budgets are not adopted on a basis consistent with accounting principles generally accepted in the United States of America because of the County's method of accounting for encumbrances for budgetary purposes. Annual appropriated budgets are adopted for the general and debt service funds. All annual appropriations lapse at fiscal year end. Project-length financial plans are adopted for all capital projects funds.

Cash and investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County. State statutes authorize the County to invest in:

- (1) Obligations of the United States and agencies thereof;
- (2) General obligations of the State of South Carolina or any of its political units;
- (3) Financial institutions to the extent that the same are insured by an agency of the federal government;
- (4) Certificates of deposit where the certificates are collaterally secured by securities of the type described in (1) and (2) above held by a third party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest, provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (5) Repurchase agreements when collateralized by securities as set forth in this section;
- (6) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or other financial institution when acting as trustee or agent for a bond or other debt issue of the County, if the particular portfolio of the investment company or investment trust in which the investment is made (i) is limited to obligations described in items (1), (2), and (5) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, value its assets by the amortized cost method.

Investments are stated at fair value; except that repurchase agreements and U.S. Government agencies that have a maturity at the time of purchase of one year or less are shown at amortized cost.

The County Treasurer co-mingles cash and time deposits of some of the funds, but separate fund balance accounts are maintained for accounting purposes so that the equity of each fund is properly reflected in the overall cash. Interest earned on co-mingled cash is distributed to funds based on their average fund balances for the fiscal year. The purpose of co-mingling funds is to obtain maximum return of interest through the investment of funds. This practice does not apply to certain funds earmarked for specific purposes, such as the special revenue fund and the nonexpendable trust fund.

Short-term interfund receivables/payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans are classified as "interfund receivables/payables".

Capital assets

Capital assets, which include property, plant equipment, and infrastructure assets (e.g., roads, bridges and similar items), are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as the projects are constructed.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Land improvements	15 years
Buildings	30 years
Building improvements	15 years
Vehicles	5 years
Furniture and equipment	3 to 10 years
Machinery and equipment	5 to 10 years
Infrastructure	30 years

Compensated absences

Compensated absences are absences for which employees will be paid, such as vacation and sick leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the government and its employees is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the government and its employees are accounted for in the period in which such services are rendered or such events take place.

Compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditures and fund liability in the fund that will pay for them.

Employees earn annual leave time based upon length of full-time employment with the County as follows:

Years of service	Annual leave accrual
0-1	.5 day per month (5 days)
2-8	1 day per month (10 days)
9 or more	1.5 days per month (15 days)

Employees are required to take the equivalent of at least one work week of annual leave per year. Accumulated annual leave time may be carried over from one calendar year to the next subject to a maximum of ten days for employees. Upon leaving the County's employ, the maximum payout of accrued annual leave shall not exceed ten days.

Net assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition construction or improvements of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Revenues - exchange and non-exchange transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within sixty days of fiscal year-end.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent taxes, sales tax, grants, interest, fees and charges for services.

Deferred revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Interfund transactions

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/ expenses in the fund that is reimbursed.

All other interfund transfers are reported as transfers.

Use of estimates

The financial statements include estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from these estimates.

NOTE 2 - BUDGETARY ACCOUNTING AND REPORTING

Budgetary policies

On or before March 1 of each year, all agencies of the County submit requests for appropriation to the County manager so that a budget may be prepared. The budget is prepared by fund, function and department, and includes information on the past year and current year estimates.

Before April 1, the proposed budget is presented to the County Council for review. The County Council holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the County Administrator the revenue estimates must be changed by an affirmative vote of a majority of the County Council. Department heads may make budget transfers within their department budgets. Transfers from one department to another require County Council approval. The legal level of budgetary control is the department level.

NOTE 3 - DEPOSITS AND INVESTMENTS

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Cash on hand includes a checking account which has an overnight investment sweep agreement with the financial institution.

NOTE 3 - DEPOSITS AND INVESTMENTS, Continued

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk.

At June 30, 2009, the carrying amount of the County deposits was \$9,160,527 and the bank balance was \$9,334,645. All of the County's deposits at year-end were covered by federal depository insurance or by collateral held in the pledging financial institutions' trust departments in the County's name. Cash on hand at June 30, 2009 was \$274,922.

Investments

As of June 30, 2009, the County had the following investments:

				Investme	nt mat	urities (in	years)					
		Fair	L	ess than					•			No
Investment Type		Value		11		1-5		6-10		11-15	 16+	 maturity
U S Government Agency Obligations Investment in mutual fund	\$	247,455	\$	-	\$	-	\$		\$	99,016	\$ 34,802	\$ 247,455
Total investments South Carolina local government investment pool		381,273 32,911,628		-		<u>.</u>	, ,		a raa	99,016	34,802	 247,455 32,911,628
	\$ 3	33,292,901	\$	-	\$ ====	-	\$		\$	99,016	\$ 34,802	 33,159,083

Interest rate risk

The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk

The County's investment policy parallels state law and has no restrictions that would further limit its investment choices other than state law. As of June 30, 2009, the underlying security ratings of the County's investment in the South Carolina Local Government Investment Pool may be obtained from the LGIP's complete financial statements. This investment pool does not have a credit quality rating assigned.

These financial statements may be obtained by writing to the following address:

The State Treasurer's Office Local Government Investment Pool Post Office Box 11778 Columbia, South Carolina 29211

The County's investments in U.S. Government Agency Obligations consist of Federal Home Loan Mortgage Corporation obligations which were all rated AAA by Moody's Investors Services and AAA by Standard & Poor's.

Concentration of credit risk

The County places no limit on the amount the County may invest in any one issuer.

NOTE 3 - DEPOSITS AND INVESTMENTS, Continued

A reconciliation of cash and cash equivalents and investments is as follows:

Reported value of deposits Fair value of investments	\$ 9,160,527
	33,292,901
Cash on hand	<u>274,922</u>
	<u>\$ 42,728,350</u>
Cash and cash equivalents – Exhibit 3	\$ 42,347,077
Investments – Exhibit 3	381,273
	<u>\$ 42,728,350</u>

NOTE 4 - PROPERTY TAXES

Property taxes are levied on the assessed value of real and personal property, excluding automobiles, as of December 31, of the calendar year preceding the fiscal year. The levy date for automobiles is the first day of the month in which the vehicle license expires and the tax is due by the end of the same month. Liens attach to the property at the time taxes are levied. Taxes are due, without penalty, for real and personal property, excluding automobiles, through January 15. After that time, penalties are added depending on the date paid as follows:

January 16 through February 1	3% of tax
February 2 through March 16	10% of tax
March 17 and thereafter	15% of tax

Property tax revenues are recognized when due and collectible within the current period or soon enough thereafter (defined as sixty days) to pay liabilities of the current period.

The County bills and collects its own property taxes, and also taxes for the School Districts. Districts tax collections are accounted for in the agency funds.

Also, the County collects taxes for surrounding municipalities. The amount collected but not remitted at June 30, 2009, was \$46,553 for surrounding municipalities. These amounts are recorded in general fund accounts payable at June 30, 2009.

Property tax receivables and allowances by major, other governmental and agency funds as of June 30, 2009 were as follows:

	_	General	R	ural fire		onmajor ernmental	Go	Total vernmental	.	Agency
Property taxes receivable Less: Allowance	\$	736,730 14,733	\$	176,838 3,537	\$	121,816 2,439	\$	1,035,384 20,709	\$	2,467,072 49,774
Net taxes receivable	<u>\$</u>	721,997	\$	173,301	<u>\$</u>	119,377	\$	1,014,675	<u>\$</u>	2,417,298

A receivable is recorded when an enforceable legal claim for property taxes has arisen, and revenue is recognized when the resources are available.

NOTE 5 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2009 was as follows:

NOTE 6 - RETIREMENT PLANS

Substantially all County employees participate in the South Carolina Retirement System (SCRS), or the South Carolina Police Officers Retirement System (PORS), a cost-sharing multi-employer defined benefit pension plan administered by the Retirement Division of the State Budget and Control Board. Substantially all of the component units' employees are members of SCRS. The Plan offers retirement and disability benefits, cost of living adjustments on an ad hoc basis, and life and survivor benefits. The Plan's provisions are established under Title 9 of the SC Code of Laws. The system issues a publicly available financial report that includes financial statements and required information for the South Carolina Retirement System. That report may be obtained by writing the South Carolina Retirement System, Post Office Box 11960, Columbia, SC 29211-1960.

During the fiscal year ended June 30, 2009, 2008 and 2007, salaries of \$10,892,737, \$9,561,534 and \$9,020,824 were paid by the County, respectively. Of that amount, \$4,274,128, \$3,615,767 and \$3,307,610, respectively, were covered under the PORS and \$6,618,609, \$5,934,315 and \$5,713,214, respectively, were covered under the SCRS.

NOTE 6 - RETIREMENT PLANS, Continued

South Carolina Retirement System (SCRS) Plan members are required to contribute 6.50% of their annual covered salary for the year ended June 30, 2009 (6.50% for the year ended June 30, 2008 and 6.50% for the year ended June 30, 2007). During the fiscal years ended June 30, 2009, 2007 and 2006, the County contributed at an actuarially determined rate of 9.24%, 9.06% and 8.05% of annual payroll, respectively. In addition, the County contributes .15% of payroll to provide group life insurance benefits. Police Officers Retirement System (PORS) - Participating employees contribute 6.5% of their annual covered payroll. The County contributes at an actuarially determined rate of 10.65% of annual payroll plus an additional .2% of payroll to provide group life insurance and accidental death.

Both employees and the County are required to contribute to the Plan at rates established under authority of Title 9 of the South Carolina Code of Laws. The contribution requirements for the current and two proceeding years were equal to the required contribution for each year and are as follows:

	Employee Amount	Contributions % of Wages	Employer Amount	Contributions % of Wages	Total
SCRS	,				
June 30, 2009	\$ 422,945	6.50%	\$ 621,487	9.24%	\$ 1,044,432
June 30, 2008	374,827	6.50%	546,550	8.05%	921,377
June 30, 2007	359,584	6.50%	468,484	8.05%	828,068
PORS					
June 30, 2009	\$ 277,819	6.50%	\$ 463,743	10.65%	\$ 741,562
June 30, 2008	235,025	6.50%	379,656	10.50%	614,681
June 30, 2007	214,996	6.50%	353,914	10.50%	568,910

Employees eligible for service retirement may participate in the Teacher and Retiree Incentive Program (TERI). TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not make SCRS contributions, do not earn service credit, and are ineligible to receive group life insurance benefits or disability retirement benefits. Effective July 1, 2006, TERI participants who entered the program after July 1, 2005 are required to pay the same pre-tax contribution to SCRS during the TERI period, but do not earn service credit.

NOTE 7 - DEFERRED COMPENSATION PLANS

The County and the component units employees may participate in the 457 and/or 401(k) deferred compensation plans, which are available to state and local governmental employees and administered by a state approved nongovernmental third party. The plans, available to all County and component unit employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation plans are not available to employees until termination, retirement, death or unforeseeable emergency.

The plan administrator for both the 457 and 401k plans is the South Carolina Deferred Compensation Program, c/o ING, Post Office Box 5182, Boston, MA 02206-5182 (under state contract).

NOTE 8 - POST-EMPLOYMENT HEALTH CARE BENEFITS

Plan description, contribution information and funding policies

In addition to providing pension benefits, the County provides certain post-employment health care benefits for eligible retired employees and their dependents. The coverage is optional and not all retirees participate. Employees retiring with 28 or more years of service, regardless of age, or employees retiring with 20 years or more of service and who are at least 60 years of age, may elect to remain in the county health insurance group. Also, employees retiring with 15 years or more of service and who are at least 62 years of age may elect to remain in the county health insurance group. For retirees meeting one of the three above listed requirements, premiums for the standard health plan, for the retiree only, are paid by the County. Coverage premiums for spouse or family coverage must be paid by the retiree, as set forth by the State Health Plan in such amounts as may be in effect. Upon Medicare eligibility, each retiree must convert to Medicare as their primary coverage, with supplemental coverage paid by the County for the retiree. Any spouse of a retiree may remain in the County plan until Medicare eligibility, provided all premiums are paid by the retiree. Spouses may be included in the supplement plan, with premiums paid by the retiree. Cash in lieu of coverage shall not be option. Any deputized officer determined totally disabled as a result of the performance of his duties, shall qualify for these same benefits with 15 years of service regardless of age.

Annual OPEB costs and Net OPEB Obligation

The County first had an actuarial valuation performed for the plan as of June 30, 2008 to determine the funded status of the plan as of that date as well as the employer's annual required contribution (ARC) for the fiscal year ended June 30, 2009. The County's annual OPEB cost of \$807,768 is equal to the ARC for the initial reporting year since the transition liability was set at zero as of June 30, 2008. The County's annual OPEB costs and the net OPEB obligation for June 30, 2009 was as follows (information for prior years is not available as the actuarial valuation was performed for the first time as of June 30, 2008):

		General
Employer normal costs Amortization of UAL*	\$	455,269 352,499
Annual required contribution (ARC) Interest on net obligation	\$	807,768
Annual OPEB costs Contributions made	\$	807,768 130,496
Net OPEB obligation - end of year	<u>\$</u>	677,272

^{*} Unfunded Actuarial Accrued Liabilities (UAAL) were amortized over 30 years.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2009:

Tiscal C		OPEB Cost	Percentage Contributed	 Net OPEB Obligation
2009	\$	807,768	16.16%	\$ 677,272

NOTE 8 - POST-EMPLOYMENT HEALTH CARE BENEFITS, Continued

Funded Status and Funding Progress

The funded status of the plans as of June 30, 2009, was as follows:

	Governmental General				
Actuarial accrued liability Actuarial value of plan assets	\$	8,454,834			
Unfunded actuarial accrued liability Funded Ratio	\$	8,454,834 0.00%			
Covered payroll Unfunded actuarial accrued liability as a percentage of covered payroll	\$	10,892,737 77.62%			

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events well into the future. Examples would include assumptions about future employment, rates of retirement, mortality, and health care cost trends. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

In the June 30, 2008, actuarial valuation, the projected unit credit cost method was used. The UAAL amortization payment is the level percent-of-payroll required to fully amortize the UAAL over a 30 year period. The actuarial assumptions included 4.5% rate of investment return. The valuation assumes a 7.5% health care trend inflation rate for 2009 and decreases 0.5% each year until 2014, and thereafter 5.0% was assumed. Dental cost trend inflation is assumed to be 8.9% for 2009, decreasing annually by 0.8% until 2014, thereafter assumed to be 5.0% per year.

NOTE 9 - LEASES

The County has entered into lease agreements as lessee for financing the acquisition of computer and communication equipment. These lease agreements qualify as capital leases for accounting purposes (titles transfer at the end of the lease terms) and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. The following is an analysis of equipment leased under capital leases as of June 30, 2009:

Machinery and equipment	\$ 1,431,864
Less: Accumulated Depreciation	 595,351
	\$ 836,513

The County also leases certain office equipment under non-cancelable operating leases with an initial term of one year or more.

NOTE 9 - LEASES, Continued

The following is a schedule of the future minimum lease payments under these leases, and the present value of the net minimum lease payments at June 30, 2009:

Fiscal year ending June 30,		pital lease ayments	Operating lease payments		
2010	\$	506,724	\$	720	
2011		345,768		-	
2012		108,952		•	
Total minimum lease payments		961,444		720	
Less: Amount representing interest		58,415		fine .	
Present value of future minimum lease payments	<u>\$</u>	903,029	\$	720	

NOTE 10 - LONG-TERM DEBT

General obligation bonds

The County's borrowing power is restricted by amended Article X, Section 14 of the State Constitution effective December 1, 1977. This section provides that a local unit cannot at any time have a total debt outstanding that exceeds 8% of its assessed property value. Based on the December 31, 2009 taxable assessed property valuation net of exemptions of \$152,367,884 (unaudited), the legal debt limit is \$12,189,431, leaving a legal debt margin as of June 30, 2009 of \$10,525,074.

NOTE 10 - LONG-TERM DEBT, Continued

General obligation bonds are payable from the debt service funds. General obligation (general purpose) bonds at June 30, 2009 are comprised of the following individual issues:

	Balance June 30, 20		Addi	tions	Re	eductions	3alance e 30, 2009	đu	mounts le within ne year
General obligation bonds	 			-,,		· ·	•

Various notes payable due in annual installments of \$180,216 to \$264,574 through June 2010,						·			
interest at 5.55% to 8.99%	369	,913		•		179,831	 190,082		190,082
	\$ 4,705	<u>,967</u>	\$	-	<u>\$</u>	1,343,528	\$ 3,362,439	\$	879,310

Article X, Section 14, of the Constitution of the State of South Carolina, as amended, provides that indebtedness payable solely from a special source, which source does not involve revenues from any tax or license, may be issued by a county. State law empowers the one county to receive and retain revenues from a payment in lieu of taxes, to issue special source revenue bonds secured by and payable from all or a part of such revenues, for the purpose of defraying a portion of the cost of designing, acquiring, constructing, improving, or expanding the infrastructure serving the County in order to enhance the economic development of the County.

The government also issues bonds where the government pledges income derived from the acquired or constructed assets to pay debt service.

NOTE 10 - LONG-TERM DEBT, Continued

The annual requirements to amortize all general obligation bonds outstanding as of June 30, 2009 for the County are as follows:

Year endingJune 30,	Principal		I	nterest	Total		
2010	\$	429,228	\$	66,842	\$	496,070	
2011		461,123		48,712		509,835	
2012		336,132		29,277		365,409	
2013		386,587		16,634		403,221	
2014		12,061		2,098		14,159	
2015-2019		39,226	•	3,252		42,478	
	\$	1,664,357	\$	166,815	\$	1,831,172	

Available in the debt service fund is \$528,590 to service the general obligation bonds.

The annual requirements to amortize all special source revenue bonds outstanding as of June 30, 2009 are as follows:

Year ending June 30,	Principal Interest			pal Interest		Total
2010	\$	260,000	\$	64,090	\$	324,090
2011		254,000		53,040		307,040

2013		241,000		31,705		272,705
2014		249,000		21,462		270,462
2015-2019		256,000		10,880		266,880
	\$	1,508,000	\$	223,422	\$	1,731,422

The annual requirements to amortize all revenue notes payable outstanding as of June 30, 2009 are as follows:

Year ending June 30,	P	rincipal	1	nterest	<u>Total</u>		
2010	\$	190,082	\$	10,835	\$	200,917	
	\$	190,082	\$	10,835	\$	200,917	

NOTE 10 - LONG-TERM DEBT, Continued

Changes in long-term liabilities

A summary of changes in long-term debt follows:

		stimated ong term			Во	nds				
		bility for nual leave	_ol	Lease bligations	 Special source		General obligation	 Revenue notes	B0000000000000000000000000000000000000	Total
Payable at July 1, 2008 Amounts incurred Amounts retired	\$	457,439 361,440 (265,780)	\$	902,099 350,063 (349,133)	\$ 1,774,000 - (266,000)	\$	2,562,054 - (897,697)	\$ 369,913 - (179,831)	\$	6,065,505 711,503 (1,958,441)
Payable at June 30, 2009	<u>\$</u>	553,099	\$	903,029	\$ 1,508,000	\$	1,664,357	\$ 190,082	\$	4,818,567
Amounts due within one year	\$	270,000	\$	469,815	\$ 260,000	\$	429,228	\$ 190,082	\$	1,619,125

NOTE 11 - INTERFUND RECEIVABLES AND PAYABLE BALANCES AND OPERATING TRANSFERS

The balances of interfund receivables and payables at June 30, 2009, were as follows:

Receivable Fund	Payable Fund		Amount
Rural Fire	General Fund	\$	365,795
Nonmajor Governmental - Fire Coordinator	General Fund	÷	786,184
Nonmajor Governmental - Fire Department Debt Service	General Fund		84,219
Nonmajor Governmental - General Obligation Debt Service	General Fund		521,760
, and the second		\$	1,757,958

All of the above balances are scheduled to be collected in the subsequent year. The balances at June 30 resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system and payments between funds are made.

Any transactions to transfer revenues from the fund budgeted to receive them to the fund budgeted to expend them are reported as transfers from and to other funds. Total transfers during the year ended June 30, 2009 consisted of the following individual amounts:

Transfer In Fund	Transfer Out Fund	Amount		
Nonmajor Governmental Funds	Rural Fire	\$	591,776	

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 12 - RESERVATIONS AND DESIGNATIONS OF FUND EQUITY

Reservations of fund balance, as appropriate for the particular funds, are established to indicate tentative managerial plans for financial resource utilization in a future period. Such designation is subject to change and may be legally authorized to finance any legal expenditures subsequently authorized by the governing body.

County ordinance requires that funds generated from the deficit reduction millage in excess of amounts required to offset current year deficits, if any, must be reserved to prevent future deficits in the general fund. This reserve is identified below as the contingency reserve.

Amounts included in fund balance are as follows:

Reserved:		
Debt service	\$	528,590
C funds for road maintenance		745,434
Contingency		1,939,786
	<u>\$</u>	3,213,810
<u>Unreserved – Designated</u>		
Sheriff	\$	141,530
Public works		120,000
Communications		29,000
Detention Center fencing		72,597
Building codes		11,900
Contingency		111,000
Roads and bridges		57,000
Computer maintenance		17,230
Fire coordinator		19,880
	\$	580,137

NOTE 13 - LITIGATION

There are several pending lawsuits in which the County is involved. The County attorney estimates that the potential claims against the County not covered by insurance resulting from such litigation would not materially affect the financial statements of the County.

NOTE 14 - CONTINGENT LIABILITIES

The County participates in a number of federal and state assisted grant programs. These programs are subject to compliance audits by grantors or their representatives. The audits of these programs for or including the year ended June 30, 2009 have not yet been conducted; therefore, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

The County has guaranteed the repayment of the debt of the Laurens County Health Care System in the event it defaults on its required debt payments. Per management, the Laurens County Health Care System is current on all its obligations and its operating profitability.

(Continued)

NOTE 14 - CONTINGENT LIABILITIES, Continued

As of June 30, 2009, the Health Care System's obligations on the two bonds the County guarantees totaled \$6,550,000. The County provides a subsidy of \$506,242 per year to the Health Care System which is funded by a tax levy. The Health Care System places funds for its next year's debt payments related to these two bond issues with the County Treasurer. The County Treasurer holds these funds along with the County's tax levy in its Health Care Bond Debt Service Fund. The County Treasurer makes the debt service payments as due from these funds.

As of June 30, 2009, the Water and Sewer Commission's obligations on the one bond the County guarantees totaled \$3,500,000. The County provides a subsidy of \$412,400 per year to the Water and Sewer Commission which is funded by a tax levy. The Water and Sewer Commission places funds for its next year's debt payments related to their bond issue with the County Treasurer. The County Treasurer holds these funds along with the County's tax levy in its Water and Sewer Commission Debt Service Fund. The County Treasurer makes the debt service payments as due from these funds.

The County has guaranteed the repayment of the debt of the Water and Sewer Commission in the event it defaults on its required debt payments. Per management, the Water and Sewer Commission is current on all its obligations and its operating profitability.

NOTE 15 - LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS

Effective June 30, 2008 the County ceased operations at its inert materials landfill for debris waste. The landfill capacity was substantially depleted and management believes there will be no significant additional costs associated with the closing of the facility.

Solid household and commercial waste is disposed by an independent contractor in its landfill located outside Laurens County.

NOTE 16 - RISK MANAGEMENT

Laurens County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the County carries commercial insurance. The County carries employee health and accident insurance through the South Carolina Office of Insurance Services, South Carolina Insurance Reserve Fund ("the Fund") which represents various South Carolina governmental entities joined together in a public entity risk pool. The County pays premiums to the Fund for its employee health and accident insurance. The agreement for formation of the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through commercial companies for each insured event.

The County has elected to be "self-insured" for unemployment taxes, whereby it would reimburse the South Carolina Employment Security Commission for actual claims paid attributable to service in the employ of the County. During the year ended June 30, 2009, \$19,505 in claims were paid and were reported in the general fund. No separate liability for unemployment claims has been established due to the insignificant amounts of the expenditures.

The County continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

NOTE 17 - SUBSEQUENT EVENTS

Subsequent to year end, County council approved a general obligation bond issue of \$600,000. As of the date of this report, the bonds had not been issued.

LAURENS COUNTY, SOUTH CAROLINA GENERAL FUND SCHEDULE OF REVENUES BUDGET AND ACTUAL (GAAP BASIS)

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Laurens County Council County of Laurens Laurens, South Carolina

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Laurens County, South Carolina as of and for the year ended June 30, 2009 which collectively comprise the County's basic financial statements, and have issued our report thereon dated February 9, 2010. We did not express an opinion on the discretely presented component units since they were omitted from the County's basic financial statements. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily disclose all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as item 2009-1 through 2009-3 to be significant deficiencies over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily disclose all deficiencies in internal control that might be significant deficiencies or material weaknesses. We consider the significant deficiencies described above as items 2009-2 and 2009-3 to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of the Laurens County Council, management, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

Greenwood, South Carolina February 9, 2010

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Laurens County Council County of Laurens Laurens, South Carolina

Compliance

We have audited the compliance of Laurens County, South Carolina with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major Federal programs for the year ended June 30, 2009. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major Federal programs is the responsibility of County's management. Our responsibility is to express an opinion on County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on County's compliance with those requirements.

In our opinion, County of Laurens complied, in all material respects, with the requirements referred to above that are applicable to each of its major Federal programs for the year ended June 30, 2009.

Internal control over compliance

The management of Laurens County, South Carolina is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to Federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major Federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in a more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is solely intended for the use and information of the management, others within the Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

LAURENS COUNTY, SOUTH CAROLINA SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the year ended June 30, 2009

A. SUMMARY OF AUDIT RESULTS

- 1. The auditor's report expresses an unqualified opinion on the financial statements of Laurens County, South Carolina.
- 2. Three significant deficiencies (2009-1 through 2009-3) relating to the audit of the financial statements are reported in the Schedule of Findings and Questioned Costs.
- 3. Two of the significant deficiencies (2009-2 and 2009-3) which are considered to be a material weakness relating to the audit of the financial statements and are reported in the Schedule of Findings and Questioned Costs.
- 4. No instances of noncompliance material to the financial statements of Laurens County, South Carolina were disclosed during the audit.
- 5. There were no significant deficiencies or material weaknesses relating to the audit of the major federal award programs reported in the schedule of findings and questioned costs.
- 6. The auditor's report on compliance for the major federal award programs expresses an unqualified opinion.
- 7. No audit findings were disclosed that are required to be reported in accordance with section 510(a) of OMB Circular A-133.
- 8. The following program was considered to be a major program:

US Department of Transportation Highway Planning and Construction

CFDA

20.205

- 9. The threshold used for distinguishing between type A and B programs was \$300,000.
- 10. Laurens County, South Carolina qualifies as a low risk auditee.

B. FINDING - FINANCIAL STATEMENTS AUDIT

Item 2009-1: "C" Fund

Condition

"C" Fund monies are currently kept and managed in a separate bank account held by the Committee. Currently, these funds are only being recorded by the County when received from the Committee.

Criteria

The County is required to manage and report on assurance that monies held by the "C" fund committee are being spent appropriately.

(Continued)

LAURENS COUNTY, SOUTH CAROLINA SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the year ended June 30, 2009

B. FINDING - FINANCIAL STATEMENTS AUDIT, Continued

Item 2009-1: "C" Fund, Continued

Effect

Cash is not recorded on the general ledger to account for "C" fund activity until actual disbursement from "C" fund account.

Recommendation

We recommend the cash account be reviewed on a monthly basis by the Finance Director and that monies be recorded in the general ledger accounts of the County, included in the restricted cash balances and recorded as revenue when actually received from the State of South Carolina.

Management Response

The finance director will examine this issue and determine procedures to properly record "C" fund activity on the general ledger.

Item 2009-2: Financial Reporting Process

Condition

There appears to be no defined procedures to ensure financial reporting is accurate and timely and provide sufficient information for management.

Criteria

The County's accounting process should include procedures to ensure financial reporting is made on a timely basis with accurate information

Effect

Management is unable to provide monthly financial reporting that is accurate and timely and include all information needed to properly forecast needs of Laurens County and related resources available.

Recommendation

We recommend management develop detailed procedures and implement processes to provide monthly accurate financial information in a reasonable time frame.

Management Response

The County has employed an additional staff member who has been assigned to focus on the issues found. The finance department is in the process of analyzing accounting processes to evaluate current procedures and implement new procedures. This is one of the highest priorities for the finance department and treasurer's office.

(Continued)

LAURENS COUNTY, SOUTH CAROLINA SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the year ended June 30, 2009

B. FINDING - FINANCIAL STATEMENTS AUDIT, Continued

Item 2009-3: Dual General Ledger Reconciliation

Condition

The general ledger (CSI) revenue accounts were not reconciled with Smith Data System ledgers maintained by the Treasurer during the year. Certain revenue accounts were overstated significantly.

Criteria

The County's general ledger accounts should be reconciled in both accounting systems on a monthly basis within reasonable period after a month close.

Effect

Management is unable to provide monthly financial reporting that is accurate and timely and inclusive of all information needed to properly forecast needs of Laurens County and use of available resources.

Recommendation

We recommend management develop detailed procedures and implement processes to reconcile the general ledger within CSI to the Smith Data Systems.

Management Response

The County has employed an additional staff member who will focus on the issues found. The finance department is in the process of analyzing accounting processes to evaluate current procedures and implement new procedures. This is one of the highest priorities for the finance department and treasurer's office.

C. FINDING AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None reported
