4) Financial Report

- Mid year report
 Stinson presented the mid year report that was to have presented in the January meeting. Data for January was also presented but only briefly. Board reviewed the financials and accepted as presented. Stinson noted that GCC has achieved even the lofty expectations of revenue that were projected for this fiscal year as GCC absorbed two additional employees as their grant funding ended.
- Audit
 Stinson presented the FY 17 audit and reviewed the findings. There were no concerns noted in the audit except the ongoing notation that the agency lacks segregation of duties in the financial area due to its small size. As in past years the response is the same for the audit that GCC is not in a position to add another employee in the Financial area to resolve this concern.

5) Old Business

a) CARF

Stinson just noted that CARF is still planning on March 19-21 and that preparations are continuing. No major changes have been required and overall the preparation for CARF allows attention to all areas of the agency, some that may not get regular attention as they compete with day to day tasks. Stinson invited all the Board to attend the morning welcome session when CARF arrives March 19th to give the surveyor a chance to talk to the Board if he desires.

6) New business

GateWay Counseling Center Board of Commissioner's Meeting February 13, 2018
