

# MINUTES BUDGET MEETING #3 LAURENS COUNTY COUNCIL TUESDAY – JUNE 4, 2019 HISTORIC COURTHOUSE

<u>ATTENDING COUNTY COUNCIL MEMBERS</u> – Chairman David Pitts and Vice Chairman Joe Wood; Council Members Garrett McDaniel, Diane Anderson, Jeff Carroll and Kemp Younts.

ABSENT COUNTY COUNCIL MEMBERS – Stewart Jones (resigned due to SC House election).

<u>ATTENDING ADMINISTRATIVE STAFF</u> – County Administrator Jon Caime, Betty Walsh, Clerk to Council; Laurens County Finance Director, Lisa Kirk and County Attorney Sandy Cruickshanks.

## **ABSENT ADMINISTRATIVE STAFF - None**

ATTENDING DEPARTMENT HEADS - Laurens County Public Works Director, Dale Satterfield; Andy Howard, Director, Parks, Recreation and Tourism; Joey Avery, Director, E/911, Communications; Matt Pennington, Director, Laurens County Emergency Medical Services; Kay Fridy, Probate Judge; Don Reynolds, Laurens County Sheriff; Don Evans, Laurens County Detention Center Administrator; Billy Wilson, Laurens County Vehicle Maintenance / Procurement Superintendent; Ann Supulski, Director of Library;

## ATTENDING PRESS - None.

# INVITED GUESTS - None.

AGENDA ITEMS –JUNE 4, 2019 – 1.) Call to Order – Chairman Pitts; 2.) Overview of Current Status; 3.) Fund #128 EMS; 4.) Fund #128 Capital; 5.) Fund #110- General Fund Revenues; 6.) Fund #123 Fire Contract(s) - If not covered in Regular Council Meeting; 7.) Fund #156 - FILOT Special Projects; 8.) Fund #600 - Capital Fund; 9.) Roads Pavement Management / Preservation Plan; 10.) Adjournment.

# FUTURE BUDGET MEETINGS – None planned at this time.

<u>MEETING NOTIFICATION</u> – The requesting general public, department heads and Press were informed of the meeting in a timely manner. Postings of the Agenda were posted in County facilities on their bulletin boards and also posted on the County Web Site.

<u>CALL TO ORDER</u> – Chairman Pitts called the meeting to order at 5:30 P.M. with Vice Chairman Wood providing the invocation.

Referring to the prayer offered to honor our Veterans, Chairman Pitts said that he would like to have County employee veterans to attend the various Council meetings and lead the Council and public in the Pledge of Allegiance. Each Veteran will be listed on the agenda for the meeting they are to attend. Chairman Pitts asked for Andy Howard to be the first one to do so with Vice Chairman Wood leading at the next meeting.

Chairman Pitts noted that Chief Magistrate Leesa Inabinette had an untimely death last week with services being held Thursday of this week at 3:00 P.M. at the Cedarwood Church.

Chairman Pitts stated that this is the fourth budget session and we have until this Thursday to meet publications deadlines in the local papers. Attorney Cruickshanks said that depending on the outcome of this round of discussion, a special called session of Council, solely for budget purposes can be made on the 27th or 28th of June, 2019. Chairman Pitts noted that if this budget is not completed by this evening, Council will have to hold another budget session this Thursday.

After a brief discussion, there was a CONSENSUS of COUNCIL to hold a called special session of Council on the 27<sup>th</sup>.

APPROVAL OF AGENDA - The June 4, 2019 budget agenda was approved by CONSENSUS.

## **BUDGETS REVIEWED JUNE 4, 2019:**

OVERVIEW OF CURRENT STATUS - Administrator Caime informed Council that an estimated four hundred ninety-three thousand seventy-seven dollars (\$493,077) a two percent (2%) increase was added to the budget operations at the last two budget session which is over and above of what was recommended. The current revenue projection is at a two hundred sixty-six thousand dollar (\$266,000) general fund deficit. As it stands now, we will not meet the deadline as thought for a public hearing and third reading planned for June 11, 2019.

Continuing Administrator Caime said, "Some good news was received regarding Workman's Comp. We were the second worst of forty-one (41) counties in the state and have now moved to being in the twenty fourth (24<sup>th</sup>) position. What is really important is that our experience rating is .95 and the average rating is .96. This amounts to about three hundred thousand dollar (\$300,000) a year savings".

Chairman Pitts said, "This brings me to say this, this Council needs to do more than just lip service for our employees. I'm thinking that a week before the fourth of July at Boyd's Mill Pond, we need to have a cook out or something for the employees and possibly provide a twenty five dollar gift card". Administrator Caime stated that he did not think this – a gift card, could be done and as a reminder Council is approving a CPI increase. Chairman Pitts asked if a bonus or stipend could be offered. Councilwoman Anderson agreed and said that she supports a appreciation dinner.

Administrator Caime informed Council that he did speak with the Coroner about transport options and that a QRV was to be purchased for EMS with one possibly becoming available from EMS becoming that could be used by the Coroner. Chairman Pitts stated that he had received a call from the Coroner today with their conversation ending with that a further discussion would be held at the next Council meeting to discuss possibly using 2019 capital expenses. Mr. Wilson has informed me that there are funds in that account to fund this request.

Vice Chairman Wood asked what has evolved since the last discussion about out of county transports. Administrator Caime replied that EMS is already doing this using Paramedics that want some extra hours. For every dollar, we make a dollar and fifteen cents (\$1.15). The non-emergent transport is actually paying for itself.

FUND #128 EMS - Administrator Caime stated, "Laurens County EMS is not funded adequately. It has been imbedded in with the general fund and no one ever recognized the situations. There was a negative fund balance of well over a million dollars last year. This Council cleared the deficit for EMS with general fund monies and now there is a clean slate to fund it right now. EMS is now a stand alone fund with a 7.3 mills dedicated solely for its operation. Inefficiency's...the volume of out of county transports is unreal. I am on the interstate constantly and I see them racing back to the County with lights on to capture another urgent call in County. Based on a seven hundred fifty-mile replacement schedule, this is costing the County money. The EMS employees have twenty four hour shifts and we are burning them out as the are constantly on the run. Worked in to the budget you will see an expense of one hundred thousand dollars (\$100,000) towards operations and management and an eighty three thousand three hundred thirty three dollars (\$83,333) towards the operations of ambulances doing this. The method of collections for EMS is not working like it should. There are millions of dollars in bills sent out and practically nothing is collected. Sending bills to Medicare and or Medicaid we do get a partial reimbursement. Collections needs to be more aggressive. I have placed a three hundred thousand dollar (\$300,000) in the budget of EMS towards a policy on collections. I feel confident that we can do something much better than thirty thousand dollars (\$30,000) out of a one million two hundred thousand dollars (\$1,200,000) in collections. These monies need to be collected or else everyone will pay for it with taxes. These are the two key areas of inefficiency that I see within EMS".

Chairman Pitts stated, "This is a large budget area and Council will address things one at a time. What I do see is a twelve (12) mill tax increase for EMS". Administrator Caime replied that what he would like to see is Council allowing this department to address these two (2) inefficiencies first to see where it takes the department as to operations and maintenance.

Chairman Pitts asked Council to offer their opinions as to patient choice transports and said, "As to the out of county transports, as a father and a son, I have the right to be taken to the hospital of choice. My choice is St Francis in Greenville County".

Councilwoman Anderson recalled a time when it was not permitted and there were so many complaints that the process was changed.

Director Pennington replied, "We do try to honor requests for transport locations if the conditions within Laurens County can accommodate. An example as to transport would be like someone in Gray Court or Fountain Inn would be closer to take to Hillcrest than to transport to Laurens County Hospital".

Vice Chairman Wood asked what was mentioned earlier as to the costs to the County for out of county transports. Administrator Caime replied that it was one hundred thousand dollars (\$100,000) in operations and maintenance. Vice Chairman Wood stated that he felt this was a service for the people.

Councilman Carroll said, "The essence of the service is to provide emergency medical services to those that call 911 and take them to the most appropriate hospital. Depending where you are in the County, you may be closer to Self or Hillcrest than with the Laurens Hospital. What needs to really be looked at is that if one is central to the downtown areas and have a medical condition that could be medically treated at the Laurens Hospital with no specialized treatment. You are misallocating your physical resources to these out lying hospitals and you already know that the staff is being over worked. There is a smart way to do it by judging the condition with the hospital. If Council does not want to do that, then you better be prepared for a tax increase".

Councilman McDaniel stated, "We have the solution right in front of us. We are running a business and we need to run it the best we can. I would vote to change the policy".

Councilman Younts said, "I feel that we should take the citizens to where they want to go and know that they have to pay for it. We need to get back to being hard nosed on collections".

Chairman Pitts asked Mr. Pennington what his opinion was as to the out of county transports. Mr. Pennington replied, "To not transport out of county unnecessarily".

Vice Chairman Wood said, "If we write a policy saying that no one will be transported out of County, we will have these Council Chambers full of upset people. The EMS staff need to make the call as to where to transport per the condition. I do not think that we need to cut the out of county transports off".

Chairman Pitts asked Mr. Pennington what his opinion was as to collections for EMS. Mr. Pennington replied that the County needs to seek a more aggressive approach towards collections. In most cases, the insurance company pays the patient instead of EMS because they actually have a contract with the patient and not EMS. We need to go out with an RFP for collections. Our current billings agency send out three (3) bills and then moves on.

Chairman Pitts assigned the County Council Committee on Health, Welfare and Public Safety the task of discussing out of county transports in more detail and to include Matt Pennington.

<u>SUMMARY</u> – County Council Committee assignment on out of county transports and for Mr. Pennington to move forward with an RFP for collections.

#### .....continued EMS:

<u>11000 – Salaries – \$150,000</u> – Mr. Pennington said this one hundred fifty thousand dollars (\$150,000) represents the salary adjustments for all EMS employees. Administrator Caime added that no action had been taken towards brining EMS salaries up to standard like other departments and that this is taking that action now.

Councilwoman Anderson asked what the starting pay would be for the categories. Mr. Pennington replied that a Paramedic would start at about forty four thousand seven hundred sixty nine dollars (\$44,769) - at a current rate of twelve dollars and seventy two cents (\$12.72) hour to thirteen dollars and thirty six cents (\$13.36) with an overtime rate of twenty dollars (\$20); an EMT would be about ten dollars and seventeen cents (\$10.17) an hour.

Chairman Pitts said, "I am not apposed to raising the salaries for the EMS employees, however, the six (6) of us have to consider other issues without the finger pointing. The Greenville County Sheriff's Office just raised their officers starting salary to forty thousand dollars (\$40,000)". Administrator Caime said, "I knew this would come up sometime and we can not compete with Greenville County. We did a substantial increase with the Sheriffs Office pay last year. This was great progress made. We have not done anything for EMS".

Chairman Pitts asked Councilman Carroll what the starting pay was for Spartanburg County. Councilman Carroll noted that starting pay for a Paramedic was at twelve dollars thirty-seven cents (\$12.37) an hour.

Chairman Pitts said, "We have a lot of employees working for this County making less than twenty thousand dollars (\$20,000). Granted they do not have the medical or law enforcement certifications. We just cant forget the least of these".

<u>SUMMARY</u> – COUNCILWOMAN ANDERSON made the MOTION to approve the recommended salaries adjustments as noted; VICE CHAIRMAN WOOD SECONDING; VOTE 5-1 (Councilman McDaniel in opposition).

<u>NEW – Part Time Service Total - \$70,000</u> – Administrator Caime replied that that was just a reclassification added. The request was for one hundred ninety thousand dollars (\$190,000). Chairman Pitts asked for clarification that this is really not new money it is just reclassified. Mr. Pennington agreed.

## SUMMARY - No action taken.

<u>NEW - Professional Degree Incentive - \$10,000</u> - Mr. Pennington said, "Over the years we have not provided an incentive to those that wanted to go back to school and further themselves in this field. This would provide about two percent (2%) increase per degree. It would have to be an Associate, Masters or Bachelor Degrees and related to EMS or Emergency Management".

Councilwoman Anderson asked that it be noted that with this incentive that the employee needs to provide a certain number of years with the County.

Administrator Caime replied that it would be an increase in hourly pay not a one time payment; more like a shift premium. Councilman Carroll asked if the increase in hourly pay includes the CPI percentage and the two percent is on top of that. Administrator Caime replied that it was and that it was confirmed by Human Resources that the requested salary was competitive with surrounding counties. Councilman Carroll stated that he was asking for clarification because it was stated the other departments have received increases.

<u>SUMMARY</u> – COUNCILMAN MCDANIEL made the MOTION to approve the ten thousand dollar (\$10,000) incentive with the seven hundred sixty five dollar (\$765) FICA amount. VICE CHAIRMAN WOOD SECONDING for discussion. Councilman Carroll asked for an AMENDED MOTION that a time frame be inserted as having to remain with the County if this incentive is received. Attorney Cruickshanks added that a policy needs to be in place as to how the incentive actually works.

COUNCILMAN MCDANIEL stated that he AMENDS his earlier motion to include that a written policy will be written to affirm the rules for the incentive pay. COUNCILMAN CARROLL SECONDING; VOTE 5-0-1 (Councilwoman Anderson abstaining).

Council VOTE to the initial motion 5-0-1 (Councilwoman Anderson abstaining).

<u>13000</u> — Overtime - \$649,656 — Chairman Pitts asked for clarification as to the increase of overtime. Administrator Caime stated that is because they are not fully staffed and are working in the overtime capacity and I can not see him not getting what he has requested when he knows he is going to need it.

Councilman Carroll noted that he thought standard was twenty-three to twenty six percent (23%-26%). Mr. Pennington said that there are actually two types of pay periods – one is every ninety-six (96) hours and another is every one hundred twenty (120) hours. Councilman Carroll explained, "It appears you are covering open slots with pure overtime pay. Even if you were fully staffed your overtime would not be at fifty percent (50%). This is another issue that needs to be addressed".

Councilman McDaniel stated that he would like to have more discussion and to see a reduction in the overtime pay. Chairman Pitts stated that he agreed as well as Councilman Carroll and that Council will have to work through this somehow.

SUMMARY - No action taken.

<u>22000 – Professional Degree Incentive</u> - Chairman Pitts questioned the new line item of seven hundred sixty five dollars (\$765). Administrator Caime state that was just FICA clarification.

SUMMARY - No action taken.

<u>NEW – Medical Director - \$7,500</u> – Mr. Pennington said, "Last year we had to secure a new Medical Director and his fee was fifteen thousand dollars (\$15,000). In the line of medical services, a Medical Director is required. This is a partial payment of seven thousand five hundred dollars (\$7,500) on behalf of EMS with Fire paying the other half. We practice under his medical license".

SUMMARY - No action taken.

<u>61900 – VEHICLE SUPPLIES - \$60,000</u> – Chairman Pitts asked for this to be addressed. Mr. Wilson replied that he and the EMS Department work very well together towards preventative maintenance and inspections.

SUMMARY - No action taken.

<u>NEW - EMS FUND BALANCE RESERVE - \$10,000</u> - Chairman Pitts asked for an explanation. Administrator Caime replied that this is just to prove a point with building the reserves.

SUMMARY - No action taken.

Chairman Pitts asked if there was any other questions or comments for this section.

Chairman Pitts said, "I know we are not here tonight to discuss this but, I certainly hope this Council can find a way to build a new EMS Station. We have talked about this for years and have not gotten anything accomplished". Administrator Caime replied that he would be bring back to Council some construction options and funding options.

<u>FUND #128 EMS CAPITAL</u> Administrator Caime said, "This is a department, just like the Fire Service, and needs to have its own capital monies set aside for replacing equipment. One mill has a one hundred seventy five thousand dollar (\$175,000) potential. From what was requested in capital, 3.2 mills was thought to cover it. I

now believe that only two (2) mills of capital can make it happen". Chairman Pitts noted that someone had brought to his attention that the Fire Service is funded with twenty (20) mills and the EMS only has seven (7). Attorney Cruickshanks reminded Council that EMS in not a special purpose tax district. Chairman Pitts asked, "If approved, this would generate three hundred fifty thousand dollars (\$350,000) a year. This three hundred fifty thousand dollars (\$350,000), which is a tax increase, I am not in favor of, will not cover their capital needs. Administrator Caime confirmed about the millage raised per year and per the comments from Councilman Carroll, the requested amounts for capital may be a little over conservative. What I want to do is stabilize it because once we get a mill on there and take the heat from the taxpayers, what will really kill us when we have to increase that one mil. I want to keep it stable for at least during the eight (8) year of planning. So what I am hearing two (2) mills for the next fiscal year"

Councilman Carroll said, "What we are talking about when we say dedicated annual capital replacement plan, There will always be years when various replacements will happen. But to get on a replacement plan and taking year one specifically seven (7) mills is needed to cover the capital. What really needs to be done is to have a specific millage dedicated. Based on what I have seen the vehicle lists along with the mileage that is run full time every day, if we bought just three (3) new ambulances this year, that would put you are seven (7) ambulances bought for less than sixty thousand dollars (\$60,000). We are looking at hard times here trying to get pay up to standards. If you had an ambulance up until today running ambulance calls with not what you want nor is the best". Mr. Pennington replied that we have seven (7) ambulances not built to standards. The chassis is not the problem, it's the box unit. Chairman Pitts noted that if we pass a two (2) mill tax increase for rolling millage for EMS capital, that would generate three hundred fifty thousand dollars (\$359,000).

Chairman Pitts asked what the fiscal year 2019 carried forward line item? Administrator Caime said, "That is what Mr. Pennington asked for last year and we did not. But what I am hearing that the replacement schedule Mr. Pennington has can be less aggressive change right now, we can reduce it down to a two (2) mil tax increase. Mr. Pennington should be asking for the best of the best. Councilman Carroll is referring to that we can get there with an improved fleet by being less aggressive in number at one time". Vice Chairman Wood asked how many new ambulances were purchased last year and if we are still paying for them? Administrator Caime replied two (2) and they were through a lease/purchase. Administrator Caime said, "Once Council makes a decision as to the millage allowed, I will task Mr. Pennington to determine what he wants to purchase to meet the needs of EMS and to stay within that millage provided",

Councilman McDaniel questioned the use of Mercedes Ambulances. Mr. Pennington said that in his professional opinion, the interior space is not adequate to aggressively treat a patient and a lot of storage is lost.

Vice Chairman Wood said, "If we looked at the one million one hundred sixty six thousand from the unfunded carry forward, there is almost seven hundred fifty thousand dollars there just for ambulances. I thought we could buy an ambulance for one hundred fifty thousand dollars. What the difference was between a one hundred fifty thousand-dollar (\$150,000) ambulance and a two hundred fifty thousand dollar (\$250,000) ambulance". Mr. Pennington replied that there is a marked difference in the box units towards quality such as cabinet doors falling off, rusting and the fact that they are made from wood rather than metal and the two hundred fifty thousand dollar ambulances include a new stretcher and a new system that is required by the State. Administrator Caime asked what was the cost for a new box unit. Mr. Wilson replied between sixty to seventy thousand dollars (\$60,000 to \$70,000) and, that new boxes can not be remounted to these ambulances.

Chairman Pitts asked for a motion to add a separate new tax only for capital. COUNCILMAN CARROLL made the MOTION to add the new tax to help carve out an EMS Fund for capital purchases. With no second to the motion, COUNCILMAN CARROLL WITHDREW his motion for clarification.

Chairman Pitts offered his interpretation as being, "If Council approves a millage, the staff will come back to us telling us what they recommend that they can buy with it. I ask if Council approves the extra two (2) mills can it

just be added to the present six (6) mills to make it eight (8)? If we dedicate a millage to EMS, the Sheriff will then come to us asking for a capital millage and so on and so on". Administrator Caime noted that the EMS is a dedicated 7.3 mills not the Sheriff.

COUNCILMAN CARROLL made the MOTION to add a 2.5 new millage for EMS Capital purchases, separate from the present six (6) mills. COUNCILMAN YOUNTS SECONDING for discussion. Chairman Pitts stated that he wanted to AMEND the MOTION to say two (2) mills; COUNCILWOMAN ANDERSON SECONDING; COUNCILMAN CARROLL WITHDREW his earlier motion; VOTE 5-0-1 (Vice Chairman Wood abstained)

FUND #110 - GENERAL FUND REVENUES — Administrator Caime said, "Council can review the numbers one by one or either just accept those that I have submitted. In this part of the budget, Act #388 is not included and is a 1.2% based on copulation growth projections and 2.4% based on CPI. Act #388 allows 2.5% for a millage adjustment". Chairman Pitts said, "The Local Option Sales Tax of twenty nine percent (29%) is included but Administrator Caime has not included the tax increase allowed by law per the CPI for population growth for the seven million three hundred thousand dollars (\$7,399,000). My concern is fiscal year 2019 year to date is only six million five hundred thousand dollars (\$6,500,000). How did we jump to seven million three hundred ninety nine dollars (\$7,399,000)?" Administrator Caime stated that it is based on the current millage that we have times one hundred seventy five dollars (\$175,000) per mill. The actual for 2018 was 7.2 million the 6.5 million was only for ten months.

Chairman Pitts asked if there were any questions on revenue, our basic tax structure. There were none.

Chairman Pitts opened up the floor for discussions towards the Local Option Sales Tax by saying, "As per the Ordinance we have the option to use up to twenty nine percent (29%) to apply towards the budget only if we need to".

Councilwoman Anderson said, "We have left things behind for so long and I feel that we need to use it to help out with the budget. What is the status of the DSS monies that we have not been getting?" Administrator Caime said, "You are correct, they have shortchanged us. They are under new leadership now and hopefully things will turn around".

Chairman Pitts informed Council that out of curiosity, he went to the Department of Revenue web site to see what surrounding counties were receiving as per FILOT tax collections and was shocked – per 2016 reporting, Newberry County \$1.8 million; Greenwood County \$2.0 million; Greenville County \$10.6 million; Laurens County \$5.9 million.

Chairman Pitts also reminded Council of the monies – one million dollars (\$1,000,000) that Council chose to remain in Laurens County instead of going to the Greenville County School System. Those monies will stay in Laurens County every year.

Vice Chairman Wood questioned the Subdivision monies amounts for this year. Administrator Caime stated that it was close to one million five hundred thousand dollars (\$1,500,000) because he was not aware of some of the monies being held back and given to alcohol.

<u>DEFICIT REDUCTION</u> - Chairman Pitts questioned what the \$2.6 deficit reduction is. Administrator Caime replied that it shows that we collected over a million dollars with the six mills with items taken out resulting in a one hundred seventy four thousand dollar (\$174,000) surplus.

COUNCILMAN MCDANIEL made the MOTION to approve the budget revenue section with COUNCILWOMAN ANDERSON SECONDING; VOTE 6-0.

<u>FUND #123 FIRE CONTRACT(S)</u> This was not discussed as it was voted on at the last regular session of Council to fund the Clinton Fire Contract at \$293,608. No further action was taken during this meeting.

FUND #156 - FILOT SPECIAL PROJECTS – COUNCILMAN CARROLL made the MOTION to approve the recommendations for the FILOT special projects as presented with COUNCILWOMAN ANDERSON SECONDING. Administrator Caime stated that earlier Council approved the expenditure of twenty five thousand dollars (\$25,000) for the Local Option Sales Tax contract and that the other agency in question is the Future Scholars for twenty five thousand dollars (\$25,000). Vice Chairman Wood stated that providing the Future Scholars the requested twenty five thousand dollars (\$25,000) from this account should be coming directly from the industries like Greenwood and other counties do.

Chairman Pitts questioned if these monies are not spent in this account, does it revert to the general fund at the end of the Fiscal Year. Administrator Caime replied that it remained in this account until it was needed.

COUNCIL VOTED 5-1 (Vice Chairman Wood was in opposition).

Administrator Caime noted that there was already three hundred sixty thousand dollars (\$360,000) dedicated for the 2018-2019 lease / purchase. The six (6) mill capital creates approximately one million thirty five thousand dollars (\$1,035,000). This leaves only about six hundred seventy five thousand dollars (\$675,000) for capital items this year. I need to declare that there is also considered sixteen thousand dollars (\$16,000) for the completion of the Hillcrest Square renovations.

## HILLCREST SQUARE – RENOVATION PLAN - \$16,000:

#### Memo from Dale Satterfield

## **Project Purpose:**

The Management Team for Laurens County has determined that it is imperative to operate and maintain facilities that our residents can be proud of when coming and doing business. The Team desires to proceed with a renovation project for the Hillcrest Complex which will present a professional and clean facility which our citizens deserve.

We propose the project to be completed in three (3) phases with phase I already in progress. The phases are as noted:

Phase I: The remodel of the Ladies Restroom facilities to include granite counter tops and new tile on the wall containing fixtures and floor. New appliances; hand dryers, soap dispensers and baby changing table, are included as well. Project work had begun.

Phase II: This phase of work will be broken down into two parts:

Phase II (a) involves remodeling the Men's Restroom. As with the Women's Restroom, it will include granite top with 2 sinks, new bathroom fixtures, Partitions and wall and floor tile.

Phase II (b) will include new floor tile from the main entrance at the double doors toward the east wing ending at Probation, Pardon and Parole. It also includes painting of all walls and trim. Initial thought is to replace tile from inside the Ladies Restroom out into the Main Hallway to a stopping Point. Estimated cost for this option is \$4,500. The risk with this option is that when we complete the Main Hallway flooring, a considerable risk exists that a variance in color due to production lot will occur. The flooring cost shown on the last page represents completing the East Wing flooring in one complete project. Tile selection is

18.5 X 18.5 Luxury Vinyl Tile (Adore Naturelle). This is the closest match to the Administration Building. Funding for the East Wing Flooring is designated to come from the Treasurer's Office.

Phase III: Work to be completed in Phase III will consist of 3 parts:

Phase III (a) will include new tile flooring and repainting of walls and trim beginning at the main entrance at the double doors and proceeding west ending at the Building and Codes department. Funding for the West Wing Flooring is being provided by balances from the Ladies Restroom and Magistrates Office projects.

Phase III (b) consist of pressure washing and painting the exterior of Hillcrest Complex to revitalize the exterior appeal.

Phase III (c) will provide for a landscape design and installation to be completed in-house by teaming Building/Grounds Maintenance with Park, Recreation and Tourism. Landscape work will be scheduled to begin upon completion of exterior painting. Design will include HVAC screening, Bermuda sod and accent up-lighting on building.

The following page outlines in sequence the work to be completed, time frame for work completion, and estimated cost for each phase of work. The parking area in front of the complex needs sealing and striping to extend its serviceable life. I would suggest adding the parking area to the project as we are beginning to lose the base in the heavily traveled areas.

SUMMARY – REOUEST WAS APPROVED BY CONSENSUS

## 512 - ASSESSOR – ADMINISTRATION – AERIAL MAPPING - \$90,000:

## Memo from David Satterfield - County Assessor

The most current aerial view was made in February of 2014. That Flyover of the county was made in conjunction with that reassessment as was the one previous to 2014 (2010). Most counties get a new aerial view to work with reassessment. Greenwood opted to avoid an entire county fly over and just got a lake area fly over for their most recent re-assessment, but this was mostly possible because they have very little rural construction and the main city is built out, their main focus of new construction is on the lake area. In our case, we are having significant rural construction in the north west portion of the county along with the Fountain Inn area having 2 large subdivisions and 2 other smaller ones. The fly over view is critical to the reassessment process. Not only will it provide an actual view of the county that is up to date, it will create a more efficient process in identifying new construction that slips through the permit process. The aerial view also allows more accurate identification of agricultural properties for permitting and will help when a property owner wants to split or combine properties.

Most importantly, it's a must have for reassessment. A current flyover allows for a quicker and more accurate identification of all structures, which is critical for an accurate reassessment.

Quote for work received

As a number cruncher......\$30K over 5 years is about \$18K per year. This equates to finding 36 structures per year with an average of \$500 of tax. Just yesterday alone we located 8 new properties that were built in 2017 un permitted. We will back tax. The \$90K isn't the cost of a pretty new picture for our county. It's the cost of a new tool to provide long term income while lowering the man power time and expense to get the same result.

Administrator Caime added that he was advised this request was not eligible under the six mill tax. Chairman Pitts said that it is omitted here and added to the FILOT special projects.

SUMMARY - REQUEST WAS DENIED / OMITTED (ADDED TO FILOT SPECIAL FUNDS)

# 513 - LAURENS COUNTY AIRPORT - ENGINEERING - \$30,000:

Parks Director, Andy Howard informed Council that the FAA no longer cover this expense and with the lighting that we will be doing this year we will need these services. Hopefully this will be a one time expense. Administrator Caime added that he was advised the this request was not eligible under the six mill tax.

Airport 513
DEPARTMENT NAME DEPARTMENT NUMBER

## 516 - BUILDINGS AND GROUNDS:

1.) \$ 5,000 - Storage Building - 20X12 - to store excess County furniture - Mr. Wilson informed Council that this would be the type building that would be brought in and set up on blocks.

SUMMARY - REQUEST WAS APPROVED BY CONSENSUS

2.) - \$ - Renovation of Historic Courthouse -

SUMMARY - THIS CAPITAL ITEM REQUEST WAS NOT DISCUSSED

3.) \$176,000 - Replace thirty-year-old floor and correct plumbing issues a Human Services Building - Administrator Caime noted that new flooring was recently replaced at the Health Department but they initially paid for it.

SUMMARY - REQUEST WAS DENIED / OMITTED BY CONSENSUS.

4.) \$100,000 - Replace HVAC with humidity controls to 1989 equipment at Library -

SUMMARY - REQUEST WAS DENIED / OMITTED BY CONSENSUS

5.) \$ 6,000 - Replace LED parking lot lights at Library and Human Services Building -

SUMMARY -REQUEST WAS APPROVED BY CONSENSUS

6.) \$30,000 - Renovate and upgrade men's and women's visitors' restrooms at Hillcrest -

SUMMARY - NO ACTION TAKEN.

7.) \$695,000 - Replace 1970 HVAC at Annex -

# SUMMARY -REQUEST WAS DENIED / OMITTED BY CONSENSUS

- 8.) \$32,000 HVAC Church Street Mr. Wilson said that there is only one unit working at Church Street.
  - SUMMARY REQUEST WAS DENIED / OMITTED BY CONSENSUS.
- 9.) \$85,000 Annex elevator replacement Mr. Wilson said that this elevator is beyond repair and has been down for months the parts to fix it can not be found. The last quote to replace was at eighty-five thousand dollars (\$85,000).

<u>SUMMARY</u> – REQUEST WAS DENIED / OMITTED BY CONSENSUS.

<u>533 - LAURENS COUNTY LIBRARY - \$40,000 - Ms.</u> Ann Supulisky informed Council that this was the other half of the monies to carpet the entire Library in Laurens.

SUMMARY - REQUEST WAS APPROVED BY CONSENSUS.

<u>535 - PARKS, RECREATION AND TOURISM - Mr.</u> Andy Howard said that this trailer is a dual wheel tandem axle, gooseneck thirty foot (30') – 20k capacity trailer for the Parks Department for transporting the skid steer and other equipment and that he has found one for nine thousand dollars (\$9,000) instead of ten thousand dollars (\$10,000).

SUMMARY - REQUEST WAS APPROVED BY CONSENSUS

538 - PROBATE JUDGE - \$10,000 - UPGRADE OF SOUND SYSTEM FOR COURTROOM - Mrs. Kay Fridy approached Council saying that this is an upgrade towards the sound system within the Courtroom. The stationary microphones were not adequate for the sound system unless those attending are directly in front of the microphones. This will include wireless microphones. Sharp has agreed towards a trade in with this upgrade.

**SUMMARY** – REQUEST WAS APPROVED BY CONSENSUS

#### 541 - ROADS AND BRIDGES:

1.) \$\frac{\$120,000 - 12,000 lb mini excavator with mulching head - Mr. Satterfield, Director of Public Works informed Council that the number one complaint was not being able to cut back shrubs and trees from roadways. Our present piece of equipment breaks down on a daily basis.

SUMMARY - REQUEST WAS APPROVED BY CONSENSUS.

2.) \$100,000 - Durapatcher - Mr. Wilson said that this was a piece of equipment that we pull behind the trucks after we complete patching potholes. What we have now is a 1997 model. It even has duct tape holding wires and things together. Administrator Caime stated that Council needs to approve this because this is what is keeping the roads together.

SUMMARY - REQUEST WAS APROVED BY CONSENSUS.

3.) \$90,000 - Five yard dump truck - Mr. Stoddard said this is a smaller dump truck because a lot of the roads are too small to get the bigger dump trucks on them.

SUMMARY -REOUEST WAS DENIED / OMITTED BY CONSENSUS

4.) \$200,000 - Equipment Building - Mr. Wilson said this is a three (3) sided building to keep equipment under and out of the weather. A brief discussion was held and the questions was asked about a two hundred foot long by fifty foot wide pole barn costs. Noted approximately \$55,000.

SUMMARY - REQUEST WAS APPROVED BY CONSENSUS AT \$55,000.

# 542 - SHERIFF:

1.) \$200,000 - Evidence / Crime Scene Storage - Mr. Coates informed Council that this is the Old Jail area where the roof leaks and is a damp environment for an evidence room. Plus there is no running water nor restrooms in this building. There are three (3) full time employees with offices in this building.

# SUMMARY - REQUEST WAS DENIED / OMITTED BY CONSENSUS.

2.) \$380,000 - Vehicles - Mr. Coats stated that this is a continuation of six (6) new and four (4) used vehicles on a yearly basis. Consideration would be entertained with used vehicles to replace day personnel. We remove vehicles as new ones are issued.

Councilman McDaniel asked what was spent last year on Sheriff vehicles? Mr. Wilson replied one hundred eighty thousand dollars (\$180,000) – three (3) new and four (4) used.

<u>SUMMARY</u> –REQUEST WAS APPROVED AT TWO HUNDRED TWENTY THOUSAND DOLLARS (\$220,000) BY CONSENSUS.

3.) \$38,000 - Laptop replacement - Mr. Coates said that in 2018 the Uniform Patrol and Criminal Investigations Divisions were updated. This round would be used to replace twenty five (25) laptops for the Warrants, Civil Process/Child Support, Court Security, School Resource Officers and the rest of the Criminal Investigations Division. Due to the sensitive information, the existing can not be sold, transferred or donated but must be destroyed.

# SUMMARY -REQUEST WAS APPROVED BY CONSENSUS

4.) \$\frac{\$60,000 - Shooting Range}{} - Mr. Coats informed Council that plans were to use the Government 10-33 program, US Corp of Engineers and Inmate Labor to implement. This will be phase one where the infrastructure will be include berms, gravel for roadway, fuel for equipment and prepping site for utilities.

#### SUMMARY –REQUEST WAS DENIED / OMITTED BY CONSENSUS

5.) \$350,000 - Records Management System - Mr. Coats stated that the Sheriffs Office currently uses LawTracks that was purchased in 2003 as a management system. The software is outdated and is no longer compatible with the newer programs. Now we are having to create programs to interface with the unfunded mandates from the FBI and SLED. A new records management system would be able to interface with the new CAD system in E-911. This change in the CAD system has made our ability to perform our duties much harder.

# SUMMARY -REQUEST WAS DENIED / OMITTED BY CONSENSUS

**6.)** \$60,000 - Security / Access Controls - Mr. Coats said, this would be for the Sheriffs Office and the Evidence Storage areas. Federal and State Agencies mandate that a local Sheriffs Office be secure. Having a newer system in place would assign and restrict certain areas in the office areas. There would be no keys floating around and it would allow for the access card to be deactivated when an employee leaves employment.

## SUMMARY -REQUEST WAS DENIED / OMITTED.BY CONSENSUS

7.) \$\frac{\$40,000 - Drying Cabinet / Evidence Lockers}{} - Mr. Coats said, that this allows us to dry and store evidence and would protect from cross-contamination and airborne pathogens and would eliminate personnel exposure.

## **SUMMARY** –REQUEST WAS APPROVED BY CONSENSUS

8.) \$\frac{\$150,000 - \text{Replace camera and camera server at Detention Center} - \text{Mr. Coats said this is extremely important as it serves as a tool for safety, accountability and security. The current system is in need of updating. We have three (3) servers with one hundred forty two actually using the system. If one server goes down, they all have to be replaced. This would also include about sixty (60) cameras.

Vice Chairman Wood asked to approve thirty thousand dollars (\$30,000).

Mr. Don Evans said that he is conducting a needs assessment for the Detention Center now.

<u>SUMMARY</u> –REQUEST WAS APPROVED AT THIRTY THOUSAND DOLLARS (\$30,000) BY CONSENSUS.

9.) \$\frac{15,000 - Software / Hardware to collect information from cellphones and other mobile devices - Mr. Coats informed Council that they had to obtain search warrants to extract data from well over one hundred cell phones. These cell phone extractions often lead to an arrest. We now send these phones to either Spartanburg or SLED.

## <u>SUMMARY</u> – REQUEST WAS APPROVED BY CONSENSUS

Vice Chairman Wood suggested providing three hundred thousand dollars (\$300,000) to the Sheriffs Department and have them come back to us with what they want to spend it on (no action taken).

Chairman Pitts said, "All of the items that got cut, I agree there is a need for them. I would like to see us revisit these if our fund balance comes in like I am expecting it to after the audit.". Chairman Pitts charged Administrator Caime to bring this back to Council once we have the audited figures.

## CHAIRMAN PITTS DECLARED A BREAK AT 8:50 P.M.- 8:55 P.M.

# ROADS PAVEMENT MANAGEMENT / PRESERVATION PLAN -

## Summary excerpts from the memo presented by Mr. Satterfield

"In April with the completion of the inventory of all County roads, it was determined that there are two hundred twenty one (221) miles of roads with a Class 3 condition in Laurens County. Class 3 consists of extreme cracking both lateral and longitudinal and leads to quick deterioration of the road surface and in some cases loss of the sub-grade. The current level of funding for maintenance was unsustainable. Using the County Transportation Committee bidding process, the estimated contractor pricing for all Class 3 roads is estimated at \$38,421,359. Estimated costs for inhouse resurfacing is estimated at \$15,385,869. The Public Works Department recommends investing \$562,000 in equipment; \$103,643 in personnel to resurface Class 3 roads before reaching a Class 4 status".

County road pavement needs now - \$40,916,480 <u>CTC income for County Roads 2018 - \$650,000</u> Gap in funding now \$40,266,480 The cost for the road problems increases every year due to underfunding of the County road pavement preservation. Within ten (10) years this will escalate to ninety four million three hundred twenty one thousand one hundred forty eight dollars (\$94,321,148). This County can not afford to just not do anything.

# Cost for Short term solution

Operations and Management	\$104,000
Materials	\$212,000
Equipment (6 year lease purchase)	\$100,000
Annual Funding	\$416,000

Above does not include bridge and pipe liability

Road Fee Increase of a dollar (\$1.00) = \$62,000

Recommend a seven dollar (\$7.00) road fee increase making it twenty two dollars (\$22.00) per vehicle

# PROJECTED SAVINGS 2019 vs. 2029 CURRENT MILES PER CLASS 3 & 4

Note: Contractor/in-House price based on full depth patching and leveling before Chip Seal.

Benefits are calculated at 35% of salary.

COUNCILMAN CARROLL made the MOTION to approve the road fee per vehicle increase by seven dollars (\$7.00) making it a total of twenty two dollars (\$22.00). COUNCILMAN YOUNTS SECONDING.

Councilman Carroll asked if the twenty dollar (\$22.00) fee covers all of the investment with equipment and employees? Mr. Satterfield confirmed that it does.

Councilman Carroll asked since this increase of the road fee, would we remove the durapatcher from the capital items? Mr. Satterfield replied, "Yes Sir, we can do that".

Councilwoman Anderson asked if this program has to be part of the budget? Administrator Caime replied that it – the road fee - is part of the budget ordinance.

Vice Chairman Wood said, "What bothers me about this is the nine (9) pieces of equipment. What are we going to do three months down the line if any one of them break down? I just don't think Laurens County needs to get into the road business. Our road department is short on what needs to be done now. I've driven by construction companies doing road work and see twenty five or more working on a single strip of a road. We have nine (9) pieces of equipment here that will need nine (9) employees to work them. Not to forget the other costs associated with the equipment". Mr. Satterfield replied, "This is not putting down asphalt, this is placing chip/seal on the roadways and that all equipment would not be working at the same time. The only other alternative is to not have county roads".

COUNCIL VOTED 3-3 (Council Members Anderson, Wood and Pitts were in opposition).

Administrator Caime commented, "my input is that in my last job, this was successful and it does work. Its either phase in or do nothing. There just are not any other options. It was tough the first few years but it got easier and the employees got really good at it. We sealed up all of our roads and was successful at saving all of our roads until asphalt could be put down. To do nothing, our roads will fall to pieces and will cost even more money to build them back up to standards. As to the seven dollar (\$7.00) road fee increase, I would like for Council to consider a phase in process. To do nothing is not an option, especially for the taxpayers".

Vice Chairman Wood stated that he would like to hear more comments and opinions and asked if the seven dollar (\$7.00) road fee increase would take care of all of this?

COUNCILMAN MCDANIEL made the MOTION to approve a two dollar (\$2.00) road fee increase this year with a one dollar (\$1.00) phase in over the next five (5) years. COUNCILAN YOUNTS SECONDING. Chairman Pitts stated that he did not think a commitment could be made in multi years committing future

Councils. Administrator Caime stated, "Two dollars (\$2.00) will not do it. There would be some progress made but Council would end up digging into the fund balance".

#### COUNCILMAN MCDANIEL WITHDREW his earlier MOTION.

Vice Chairman Wood asked for confirmation that all of the equipment to be purchase would be used equipment. Mr. Stoddard replied that it would be 2005 or newer and would be used seasonally as this type of chip/seal and preparation of the roadways can only be done in certain seasons.

Chairman Pitts said, "The bigger picture for me is we are facing a multi million dollar bonding capacity for the construction of an EMS station, Law Enforcement Center, 911 and this building that we are sitting in. The citizens out there do not hear the fees going to certain areas. What they see and hear is that the fees and taxes are disposable income. The State has continued kicking the can down the road for years. We have too. Mr. Satterfield and others would not be doing their jobs if they didn't bring this to us. Anytime we add a fee or a tax its on there for good. Eventually the twenty dollars (\$22.00) will have to be eventually. Its really not just about the roads, it's about everything we are facing".

<u>NEXT MEETING</u> – There was a COUNCIL CONSENSUS that it was not necessary to hold another budget meeting but to hold a called session of Council for the public hearing and third reading on the 27<sup>th</sup> of June.

<u>ADJOURNMENT</u> – The meeting was adjourned at 9:20 P.M. upon a MOTION by COUNCILWOMAN ANDERSON and a SECOND by COUNCILMAN CARROLL.

Respectfully Submitted,

Betty C. Walsh

Laurens County Clerk to Council
