

LAURENS COUNTY, SOUTH CAROLINA
2023 COMPREHENSIVE PLAN
2023-2033

DRAFT 2023

This page intentionally left blank.

ACKNOWLEDGEMENTS

The creation of the Laurens County Comprehensive Plan was a county-wide effort. Under the oversight of Laurens County Administration, the Comprehensive Planning process benefited from collaboration with all County Departments, consultation with Boards and Commissions, and support of the County Council.

We also received careful review and thoughtful feedback from community partners, including dozens of community organizations, residents, and local non-profits. This Plan is truly a product of community engagement. The people who completed surveys, attended community meetings, invited County staff to stakeholder meetings, emailed comments, spoke up at Public Input Workshops, put marker to table, and wrote the headlines of the future helped bring this document to fruition.
